SERVICE DESCRIPTION

Respite services provide periodic support and relief to the primary caregiver(s) from the responsibility and stress of caring for children ages three to 21 with mental health, developmental disabilities or substance use/addiction service needs, and for adults 21 and over with developmental disabilities. Persons receiving this service must live in a non-licensed setting, with non-paid caregiver(s). This service enables the primary caregiver(s) to meet or participate in planned or emergency events, and to have planned time for him/her and/or family members. Respite may be utilized during school hours for sickness or injury. Respite may include in and out-of-home services, inclusive of overnight, weekend care, or emergency care (family emergency based, not to include out of home crisis). Respite may be provided in an individual or group setting. The primary caregiver is the person principally responsible for the care and supervision of the beneficiary and must maintain his/her primary residence at the same address as the beneficiary.

Respite is a periodic service.

Respite may be provider directed or beneficiary/family directed.
