Description: Cultural and linguistic competency is recognized as an important strategy for improving the quality of care provided to clients from diverse backgrounds. The goal of this e-learning program is to help behavioral health professionals increase their cultural and linguistic competency.

- In Course 1, **An introduction to cultural and linguistic competency**, you'll learn what culture has to do with behavioral health care.
- In Course 2, **Know thyself – Increasing self-awareness**, you'll learn how to get to know your cultural identity and how it affects your work with clients.
- In Course 3, **Knowing others – Increasing awareness of your client's cultural identity**, you'll learn how to get to know your client's cultural identity.
- In Course 4, **Culturally and linguistically appropriate interventions and services**, you'll learn how to build stronger therapeutic relationships with clients from diverse backgrounds.

The estimated time to complete all four courses is between 4 – 5.5 hours.

Target Audience: This program is accredited for 4 – 5.5 contact hours for counselors, nurses, psychologists, psychiatrists and social workers. Other professionals may earn a Statement of Participation
