Date, Time, Location: This training is a self-study from the Office of Minority Health website. FREE CEU's

Description: Cultural and linguistic competency is recognized as an important strategy for improving the quality of care provided to clients from diverse backgrounds. The goal of this e-learning program is to help behavioral health professionals increase their cultural and linguistic competency.

- In Course 1, **An introduction to cultural and linguistic competency**, you'll learn what culture has to do with behavioral health care.
- In Course 2, **Know thyself – Increasing self-awareness**, you'll learn how to get to know your cultural identity and how it affects your work with clients.
- In Course 3, **Knowing others – Increasing awareness of your client's cultural identity**, you'll learn how to get to know your client's cultural identity.
- In Course 4, **Culturally and linguistically appropriate interventions and services**, you'll learn how to build stronger therapeutic relationships with clients from diverse backgrounds.

The estimated time to complete all four courses is between 4-5.5 hours.

Target Audience: This program is accredited for 4-5.5 contact hours for counselors, nurses, psychologists, psychiatrists and social workers. Other professionals may earn a Statement of Participation

**NC COVID-19 Vaccination Plan:** <https://covid19.ncdhhs.gov/vaccines>

You have a spot, take your shot. A tested, safe and effective vaccine will be available to all who want it, but supplies will be limited at first. To save lives and slow the spread of COVID-19, independent state and federal public health advisory committees recommend first protecting health care workers, people who are at the highest risk of being hospitalized or dying and those at high risk of exposure to COVID-19.

Keep practicing the [3 Ws wear a mask, wait six feet apart, wash your hands](#) until most people have a chance to get vaccinated.
